

Mission Committee Report

For Coordinating Council meeting Nov. 19, 2019

The mission committee met via conference call Nov. 10, 2019.

Discussed request from council for the Mission Committee to add Campus ministry to the committee's list of responsibilities. The committee approved that change.

Discussed the Angel Free store Mission. The mission has lost its lease and is currently trying to find space for their continued work. Also, they are trying to get a 501c status. The Mission Committee wants to see that the Angel Free Store Mission has a significant Presbyterian presence on their board for further Presbytery support.

Read report from the Elk Rapids church thanking us for their congregational grant. They reported on their successful "Meet, Eat, Enjoy the Beat" which brings students and senior citizens in Elk Rapids together for a time of fellowship, refreshment, and music.

Sandra Murray, Chair

Mission Committee
