2. An investment grant from GA of up to \$25,000 to continue exploratory work started under the initial grant over an 18-month period if conditions appear favorable
3. A growth grant of an additional \$25,000 if the prospects of developing or redeveloping a church remain good

Expenses associated with development / redevelopment include, but are not limited to the following:

Missionary in Residence, Account # 3048  
Adopted by Presbytery \_\_\_\_\_, \_\_\_\_\_

The funding for this account was originally supplied by a grant from the Synod of the Covenant to support summer youth interns from an international setting to work with youth at Presbytery Point Camp.

While there might still be opportunities for foreign student interns to work at Presbytery Point Camp, the availability of such students is now almost non-existent. Therefore, the use of this account should be expanded to not only include financial support of any student interns, but to include support for living expenses incurred by missionaries and their families while traveling within the Presbytery and presenting and/or reporting on their missionary activities to within the Presbytery.

Example of costs to cover:

- Transportation
- Lodging
- Meals
- Incidental expenses, such a laundry, etc.
